

Abstract

The invention relates to a holding device, for nail  
varnish bottles or similar, comprising two circular arcs  
5 (12), for clamping the holding device (10) between two  
fingers of a hand and a mounting device (16), arranged  
between the circular arcs (12), for mounting a nail varnish  
bottle (24) whereby the mounting device (16) is suspended  
from both circular arcs (12).
